

NO BB GUN POLICE INJURED IN WILD MELEE

Chief of Police Paul Lynch, last Saturday evening received a telephone call, from a man who was apologizing because a boy for whom he was caring had got a BB gun, and had shot a pellet through the window of a car in Wilmington Square.

The Chief decided he had better drive down to the square, and inspect the window.

He arrived to find that the windows and doors of three places of business were smashed and battered - which gave him a momentary reaction that it was some BB gun!

But it wasn't a BB gun that smashed windows etc in the Wilmington Center Pharmacy, Ames News, and Big Joes.

Wilmington police say it was a man from Watertown - an amateur weight lifter, who was feeling too exuberant.

In the melee Officer Larry Kelley was kicked in the groin, and suffered a sprained finger, and Officer Dan Ballou suffered torn

ligaments in his arm and shoulder.

Officer Jay Palmer was the only one who did not sustain serious injuries - he merely received a blow in the head. The two other officers had to be relieved of duty.

The accused was arraigned in Woburn Court Monday morning, on three counts of Assault and Battery on a Police Officer, three counts of Wanton Destruction of Property, and one count of being Drunk.

The case was continued, and he was released on bail.

Rabbit in the Hat?

BACK TO PLANNING: Money for use in planning the future of the town was assured, Monday night, in the Selectmen's meeting, when Bob Sumberg of Avco and Jim Raffi of Raffi & Swanson visited the Board of Selectmen to implement their offer of \$8,000 a year to the town, in matching funds, for a Planning Consultant.

Both the Selectmen and Planning Board were happy, and the Planning Budget is to be increased to allow the program to go through. The story was in last week's Town Crier.

of 'trying to pull the same old rabbit out of a hat'.

Evans made his accusation after Mr. Brooks, at the Baldwin Candidates Night, tried to confide a secret to the listeners that there was a 'new industry coming to Wilmington.'

The details of Mr. Brooks' secret were widely known in the audience, and have been known since last summer.

People who have been talking with the Town Manager about the 'secret' have been asked not to talk about it publicly.

Members of the Junior Chamber of Commerce were told about it last September, and, in deference to the Town Manager, have never spoken about it.

A CLEAN ELECTION - SO FAR

In past years Wilmington has had some bruising elections. Some of them can be described only as vicious. A peculiar specialty of our worst elections was the last minute appearance of 'smear sheets'.

The last minute smear sheets would show up on Friday, or on Saturday, when it was too late for the victims to repair the damage to their reputations.

For the most part the voters had the good sense to ignore these attempted character assassinations.

There are no indications of such dirty politics this year -- so far. There have been rumors, but the bearers have stayed in the woodwork.

Every candidate has had a full opportunity to tell his story. One may be confident that the voters will bury any last minute Hatchet Men.

PROMISE IS OUR MOST IMPORTANT PROGRESS

75 years ago this week the Town Report for the year 1889 was issued to the people of Wilmington.

One item that was reported at that time was that during the preceding year the people had voted that the time had come to set aside money for a new Public Library.

THREE REFERENDA

Three questions will appear on the ballots, Saturday. One question is entirely without controversy and just about everyone has endorsed it - Selectmen, Town Manager, and others.

Question One is to establish group insurance for Town Employees. It will be adopted overwhelmingly.

Question Two would provide Civil Service for those employees of the town not now covered. Last year a similar referendum lost by sixty nine votes. The margin will be closer this year.

Question Three would subject all acts of the Town Manager to approval by the Board of Selectmen. Signed by Governor Volpe last Monday, there has been no time to gauge voter reactions.

THE PHEARLESS PHORECAST

Wilmington will see a change in the Board of Selectmen, after Saturday's election.

With eight candidates for Selectman it should be difficult to predict any outcome.

The Town Crier phearlessly predicts that the top vote getters will be Mrs Drew, Paul Niles and Joseph Sottile, but not necessarily in that order.

Town Notes

Golden Eagle?

A huge bird, with at least a 30 inch wingspread, has been seen several times in the Hundred Acre Meadow, down below Route 93, in the past week, by Dave Wines, of Photon.

Dave has seen the bird sitting on top of the piles of peat left by the Drinkwater gravel operations, on the N. Reading - Wilmington line. He describes it as white under the wings, and under the tail, and thinks it may be a Golden Eagle.

There have been only 48 reports of a Golden Eagle in Massachusetts since 1931.

Challengers vs. Chargers

It seems that J.W. Greer Company had challenged Wilmington's finest to a game of basketball. Due to unforeseen circumstances, this game could not be played.

Now, J.W. Greer, not wishing to waste the night, improvised a game with the factory challengers against the office chargers.

Right from the outset of the game the challengers became the chargers and it was a real bedlam with super charger, Dave Paine, and leading knight, Dick Watson, managing to score some points for the office chargers.

Of course, Tarzan Callahan broke his glasses and our eight toed flink, Dick Vayo, developed a blister on the ball of his foot, with the youngest charger, Dan Calore, getting a bloody nose. But it was not all in vain, for they helped the chargers score a few points.

Best of all that was lost, though, was the four pounds from our armored knight, Ed Payne. Bob Penney (the newest charger) kept rolling like a penny on the floor and as a result, broke a lense to his glasses. To him, we give the biggest bouquet of all because he played, and couldn't really tell his compatriots from the foes.

The little dipper, Sam Pinto, in his long grey shirt (was he wearing shorts?) scored several looping baskets in the last quarter and that was really rubbing salt into the wounds.

Poosh-em-up Tony gave an exhibition of strength and stamina that put his opponents to shame along with the capable assistance of ringer Richardson, the junk man, and had the office chargers picking themselves off the floor time and again. Fancy Furlong favored the audience with his mastery of the dribble and nifty jump shots.

Working like an efficient watch with his deft passing, Joe Candler Jr., the newest member of the challengers, showed that he

THE TRUTH ABOUT QUESTION 3

(AMENDMENT TO THE TOWN MANAGER PLAN)

For some years, since the inception of the Town Manager Plan in Wilmington, this town has been fortunate in having many men of zeal as Town Managers of Wilmington.

Ambitious men, they have generally accomplished much while working for

this town.

And, while there have been considerable achievements, there has also been some glaring instances when the bounds of prudence was overstepped.

Ambitious, hard working men have needed the restraining hand of a dedicated

Board of Selectmen that is acquired only by the virtue of living in and loving the town of their choice.

This has been apparent for sometime, and no more so than in the present.

It is because of this that the proposal has been made to strengthen the town

government by an adoption of a few words in the Town Charter - 'with the approval of the Selectmen'.

The inclusion of these six words in the charter would lead to a more responsive and responsible government for the town, and people of Wilmington.

LAST FALL, DURING THE DISCUSSION OF A POSSIBLE PUBLIC WORKS DEPARTMENT, FOR THE TOWN OF WILMINGTON, THE FOLLOWING DISCUSSIONS TOOK PLACE IN THE BOARD OF SELECTMEN, AS SHOWN IN THESE ILLUMINATING EXCERPTS, REPRINTED FROM VARIOUS NEWSPAPERS.

READ FOR YOUR SELF AND JUDGE!

(Nov. 19, 1964)

At a recent Monday evening's Selectmen's meeting, it was unanimously voted to hold a special meeting at 9 am on Saturday to discuss possible amendments to our town charter. It was decided that since the people would probably be presented with the question of amending our present charter to incorporate a Director of Public Works it would be well to consider the entire document at this time.

(One member of the Board) stated that he feels our present charter gives entirely too much power to one man. 'Why', he asked 'should we give a blank check to any stranger? Why should we allow one man to come here from outside, raise havoc with our town, its employees and its finances and then 'put on his hat and leave us'?

Members of the Board pointed out that their opposition to present regulations was in no way directed personally at (any Town Manager). They simply feel that they, as elected officials, should have at least slightly more power over any Town Manager, particularly in the area of employee relations.

(Nov. 22, 1964)

The Town Manager is expected to transmit to the Selectmen at their Monday meeting the petition to the legislature for the amendment to Chapter 592 to allow for the establishment of a Department of Public Works. The petition has been prepared with changes made according to a motion filed by (a second Selectman) at a meeting November 9.

The amendment shifts the powers of the town manager with the removal of three little words at the beginning of the paragraph dealing with Section 12 A of the Town Manager Charter and replacing them with words that would grant the Selectmen a 'brake' on removal of several town officials or departments.

The original amendment as proposed by the Town Manager had the words 'At his discretion he may from time to time abolish...reconstitute...any or all of the following departments' and stating the various groupings.

In the discussion at previous meetings, several members of the Board displayed confusion as to what the DPW recommendation by the Town Manager actually asked for. (This particular Selectman) in making his motion to delete the words to Section 12 A, amended to read 'with the approval of the Selectmen,' said that this would act as a brake and curb the powers of the manager in this respect. The motion was expertly made and the Board approved it.

The amended amendment as proposed and passed by the Selectmen would place the wording thusly: 'With the approval of the Board of Selectmen, he (the Town Manager) may from time to time abolish, or at pleasure reconstitute, any or all of the following departments, commissions, boards and offices, namely, the cemetery commissioners, water and sewer commissioners, superintendent of streets, parks commissioners, tree warden, moth superintendent, and any other

boards, departments, and offices of the town which may be related to public works, and may appoint and may, subject to the provisions of Chapter 31 of the General Laws, where applicable, remove a superintendent of public works, who shall perform the duties of such abolished boards, departments and offices, under the town manager's direction and supervision.'

said, 'couldn't agree on whether they wanted control or not.'

A statement made by (a third member of the Board of Selectmen) left the audience puzzled as he spoke on the Town Manager Amendment without definitely taking a stand though he praised the town manager bills of several other towns, which had executive secretary types of town managers which had the clause, 'with the approval of the Selectmen' included in their duties regarding appointments.

A 'YES' VOTE ON QUESTION 3 IS A VOTE FOR THE TOWN MANAGER PLAN OF WILMINGTON.

AND OUR

RESPONSIBLE BOARD OF SELECTMEN

FOR AN EFFECTIVE TEAM!

(Feb 23, 1965)

A small group of Baldwin Civic Association members and guests, about 40 persons, were present at a meeting to opine or hear opinions on the Civil Service bill granting most town employees Civil Service rating and the much-discussed Town Manager Amendment bill which would curb the powers of the Town Manager.

Representative Fred Cain, who drew up the bill, said that he 'had done so at the request of many,' that he 'was asked by many people to file this bill,' in a previous check on who had desired such a petition, he had declared that 'he had done it on his own.' Cain also pointed to the Selectmen who, he

He concluded that he 'did not believe that the town manager amendment would hurt the town.'

(This Selectman) compared the town to a firm with a board as directors. He compared the school system to the Selectmen and how smoothly the school board operates in conjunction with the school superintendent. He said the Selectmen's hands are tied many times.

He praised the Andover town manager bill, and also Arlington's. He said 'it was up to the people to vote their say, and also to back up the Selectmen in their work.' He had always felt that Section 12 (re: the town manager) was 'too strong.'

Board of Selectmen
Town Hall
Wilmington, Mass.

Mrs. Drew and Gentlemen:

In order to correct an inaccurate and unfortunate impression, I am submitting the following statement to your Board concerning H. 1865 to amend the Town Manager Act:

This bill was drafted to conform to language suggested previously by members of your Board for modifications to Acts of 1950, Chapter 592.

Inasmuch as it is the established policy of the Committee on Towns of the General Court to append a referendum provision to any legislation affecting the structure of government of a town, I had not added such a provision to the draft filed in December. Two weeks ago, when this question was first raised seriously with me, I again checked with the Committee on Towns. Again, the policy of the Committee was confirmed.

I can assure your Board and the Townspeople of Wilmington that a referendum provision will be attached to this legislation. In no way is H. 1865 intended either to invade "home rule" or to deprive the voters of the Town from expressing their opinion by ballot.

I believe that the substance of this legislation will correct a major defect in our present form of Town government. An unfortunate interpretation of optional legislative procedure should not obscure or confuse a much-needed public discussion of the merits of this amendment.

Very truly yours,

Fred F. Cain

QUESTION #2 - RE: CIVIL SERVICE**THE CASE FOR.....**

1. Civil Service will end discrimination against many Town employees. At present, over two-thirds of Wilmington public employees are entitled either to Civil Service status, or to equivalent job protection through tenure.
2. It will require the appointment and promotion of Town employees through competitive examination.
3. The Town Manager will retain sole authority to appoint and to remove Town employees. However, an employee can be fired only for cause.
4. Last year, the Selectmen, Finance Committee and Town Manager objected to Civil Service because it did not cover all Town employees. This year, the proposal applies to all Town employees who ought to receive Civil Service protection.

THE CASE AGAINST.....

Adoption of Civil Service would sacrifice much of the benefit of the Town Manager system which is intended to secure a business rather than a political administration. This requires reasonable disciplinary authority, but under the cumbersome civil service procedures it is almost impossible to discharge an employee for any cause short of major crime. The manager's professional success depends on securing full value for every dollar spent for services and materials. Under our present system, the Town Manager has no motive to discharge an efficient employee for merely political reasons; therefore, Civil Service is not necessary.

QUESTION #3 - RE: TOWN MANAGER CHARTER AMENDMENT**THE CASE FOR.....**

Our present charter allows the manager to fire town officials and employees without cause, regardless of time served, abolish their jobs, hire outside replacements, and operate the town 'at his discretion' without any recourse by the townspeople. The proposed amendment simply adds 'with the approval of the Selectmen'. This would act as a brake on drastic changes by setting up the Selectmen who are the elected representatives as a board of appeals.

Brookline, Concord, Andover and Wakefield have this feature.

THE CASE AGAINST.....

Requiring Selectmen approval of every act of the Town Manager would be to repeal the Town Manager system by the back door. The basic purpose of the system is to relieve the unpaid board of selectmen of direct responsibility for the countless details of town administration. The manager should have the authority to make these decisions on his own responsibility. The selectmen already have ample supervisory authority since they can discharge the manager at any time without cause. If he is to be made merely the selectmen's errand boy, there is no sense in calling him 'manager' and paying him a high salary.

**Vote NO
on Question 3**

Our Town Manager Act is threatened by a last-minute political attack which allows the voters only two days to consider the question.

We urge you to defeat Question 3 for the following reasons

1. This legislation would wreck the Town Manager Act. It would undermine the progress Wilmington has achieved since 1951 under our Town Manager Plan
2. Don't be deceived by the wording of the referendum. It will not 'strengthen' the Board of Selectmen. In fact the Selectmen voted to oppose this legislation.
3. The so-called 'amendment' would make the Selectmen responsible for counting paper clips and emptying waste-baskets in the Town Hall. Our Town Counsel, Mr. Philip B. Buzzell, has said that:

'The effect of this amendment, if adopted, would in my opinion require the Town Manager to obtain the approval of the Selectmen as to EVERY action, appointment and decision which he might have occasion to make.... (It would) make the Selectmen directly responsible for every detail of town administration.

4. Question 3 does not give the Selectmen 'more control' over the Town Manager. They now have full authority. The Town Manager can be fired at any time without cause by three of the five Selectmen.

Protect Wilmington's Town Manager Act.

WHY CIVIL SERVICE...?

A Special Message to the Voters of Wilmington

FOR
TRANSPORTATION

For the second straight year, the Wilmington Town Employees Association has sponsored a referendum to provide Town Employees with Civil Service Protection. It is not a new question. We respectfully request that you read and weigh the following information concerning Civil Service in Wilmington.

TO POLLS,
CALL 658-4461

We believe you will agree with us that approval of the Civil Service referendum - Question 2 on Saturday's ballot - will strengthen morale and self-respect among our Town Employees. In turn this will result in better service for your tax dollar, and a better Wilmington for all of us.

Thank You
Wilmington Town Employees Association, Inc.

What is Civil Service

Civil Service insures that merit, instead of political influence, governs appointment and promotion in public service.

1. Appointments are made from a list of applicants chosen by competitive examination.
2. Promotions are based on merit, experience and competitive examination.
3. Every employee is given an equal opportunity to advance his career in public service.
4. The Town is protected against a political spoils system.

Civil Service has proven its value. Federal employees have Civil Service protection. Most State employees are subject to Civil Service. Most city and town employees in Massachusetts are covered by Civil Service. Teachers, - even Superintendents of Schools, - are entitled to job tenure. Employees in private industry are commonly protected by union contract.

Wilmington Now Has Civil Service

The idea of Civil Service is not new to Wilmington. It is not an issue in Wilmington. Many Town employees are presently subject to Civil Service.

The Federal government requires that employees of our Board of Public Welfare must be subject to Civil Service. This requirement is enforced in order to protect public assistance persons from political interference.

All of our public school teachers, including principals, supervisors and even the Superintendent of Schools, are subject to the tenure law - which provides job security equivalent to Civil Service.

Why Question 2 Should be Approved

Civil Service does not interfere with the Town Manager Act. Under Civil Service, the Town Manager retains sole authority to hire and to fire Town employees. However, an employee can be removed for 'cause'. In other words, there must be reasonable grounds to justify the firing.

The Town retains control over its employees. Civil Service imposes the requirement that each employee must be treated in a fair and reasonable manner.

Most of the best-run cities and towns in Massachusetts are subject to Civil Service, for example: Newton, Brookline, Wellesley, and Cambridge. There is no reason to believe that Wilmington will not perform just as well under full Civil Service.

Last year, our Selectmen, Finance Committee and Town Manager objected to Civil Service because the 1964 proposal did not cover all Town employees. This year, Question 2 satisfies their objection by applying to all Town employees who ought to receive Civil Service protection.

Civil Service does not impose any extra cost on the taxpayers. The Town Manager and the Town Meeting will continue to set all salaries and wages.

INSURE EQUAL TREATMENT FOR ALL TOWN EMPLOYEES

WILMINGTON TOWN EMPLOYEES ASSOCIATION

How Question 2 Will End Discrimination Against Town Employees

Two thirds of the public employees of Wilmington are now entitled either to Civil Service, or to equivalent job protection through tenure.

The remaining minority have absolutely no job protection, and serve at the whim of the appointing authority.

The following table lists the categories of employees who now have job security:

EMPLOYEES	No.
Police Department	20
Fire Department	19
Board of Public Welfare	4
Sealer Weights & Measures	1
School Teachers, Principals, Supervisors, Supt of Schools	188
TOTAL, with job security	232

Volpe Signed

Governor John A. Volpe delayed for 72 hours the signing of the two bills passed by the legislature last week, and which are to appear as referendum questions on the ballots Saturday, along with the referendum on Insurance for Town Employees.

During the 72 hour delay, the Governor flew to Washington to discuss the proposed closing of the Springfield Armory, and while he was doing this there was a merry time in both Boston and Wilmington. Town officials were wondering - and the Town Clerk was unable to order the ballots for Saturday's election, as she was unable to say what would have to be on those ballots.

The bills were to be signed Friday morning, before the Governor left for Washington. Bob Palmer, president of the Wilmington Town Employees Association was invited to attend the signature, and with Senator Long and Rep. Fred F. Cain was ushered into the governor's office, where a photographer was waiting.

The governor reached for the bills, and stopped instead to read a letter written by Don S. Greer, of the J. W. Greer Company of Wilmington. Then he announced that he would have to 'think it over'.

He spent some time trying to find out what was happening in Wilmington, where Selectmen were taking one stand, as town officials, and another as private citizens. Finally the governor called Selectman Lloyd C. Bender.

'Governor', Bender assured Volpe, 'There are enough nutty things going on in this town to supply a peanut butter factory!'

The governor then left for Washington.

Saturday morning Fred Cain issued a statement denouncing the governor's delay, parts of which were read over two radio stations at noon, WHIL and WCAP, and a story of which was in the late edition of the Boston Globe, Saturday. The Woburn Times carried it in full on Monday.

Cain's statement accused the governor of 'willfully meddling in the affairs of the Town of Wilmington and obstructing home rule by his failure to act upon two legislative bills affecting Wilmington which have been duly passed and placed before him for his signature.'

'Under the home rule provisions of both measures', Representative Cain said, 'the people of Wilmington would decide through the ballot boxes at the town elections on Saturday, March 6th, whether or not these bills should be approved. Time is running out and the Governor knows it. Unless he acts immediately on these home rule measures, the Governor must accept the full and complete responsibility for denying the people of Wilmington the opportunity to express their views on several entirely local matters which are of great concern and interest in our community.'

'These measures were seasonably filed and duly considered by the legislature. After hearing all the arguments for and against these proposals, the legislature, in its wisdom, passed them and sent them to the Governor. As the elected state representative from Wilmington, I have done everything within my power to have these matters placed before the citizens of Wilmington for their final judgement. If these matters are not on next Saturday's ballot, the people of Wilmington will know that the Governor alone is to blame for infringing upon their rights.'

The Governor signed the bills first thing, Monday morning, at 8:50 am - and without a photographer.

MORE TOWN NOTES

may not be the biggest man on the court, but there ain't no-one gonna out-play him. His charge down court, his break through and hook shot made his opponents look a bit old and tired (and they were).

All in all from a spectator's point of view, it was an evening well spent.

Our cheers and best wishes for speedy recoveries go to the old office chargers and our congratulations to the young factory challengers for their wonderful victory.

LETTERS

Winchester, Mass.
Feb 28, 1965

Dear Larz:

May I through the columns of the Town Crier, thank two Wilmington Firemen? I believe it was Kenneth Marshall and Francis Jerigan of the Wilmington Fire Department, who brought me to the hospital in the ambulance last Monday. They were very kind and efficient.

Yours very truly
Marge Reardon Wescott

('Midge' Wescott is the girl who survived the airplane crash in Pennsylvania, a year ago last September. She has 24 operations to go, on her path to recovery, and an extra one, this week, was an operation for kidney stones. Ed.)

Dear Larz,

As a resident of the housing for the elderly here and in my seventies, and unable to care for more than myself, we have a problem.

There are packs of roaming dogs who are despoiling our small plots of green grass. We like to sit in our yards in the summer, but first we have to shovel up the mess before we dare walk or sit.

This is the only real pleasure I have is to sit out as I can't get around like others.

One of my family was bitten in the leg walking on the sidewalk in town and was required to have medical care.

It is time the dogs were restrained in this town as they are in other towns.

Why not have this put on the ballot here? (And see it is enforced.)

I am not the only one who complains of these dogs here, but, they are all 'leaving it to George'.

Name withheld by request.

BALDWIN OPEN LETTER TO VOTERS

According to the policy of the Baldwin Civic Association, the form of Government of our Town has been and will be of the utmost concern. Consequently, we feel that it is very important that the

voters of the Town be made aware of the dangers involved in House Bill 1865 which amends our Town Charter.

Since the bill has just been enacted this week we feel that this is not giving the townspeople adequate time to discuss its contents. The Referendum, if approved by the Town, would cause drastic changes in our charter, which would be, in our opinion, most undesirable.

The present Town Manager Charter provides that the Selectmen can dismiss, at will, the Town Manager. Therefore we feel that the Board of Selectmen are responsible for the conduct of the Town Manager and his office.

We advise the voters of Wilmington to vote NO on Referendum #3 on the Ballot.

Lucille Huston, team captain, and Nancy Hall are the defensive experts. Their defensive play has, in most cases, kept the opponents score low.

Maria Ferrara, Tana Fairfield, Jane Kroll and Virginia Schena are the team's key offensive players.

Sandra Burns, with a total of 218 points, holds the position of top scorer and Sharon Justice (126 points) is the best all around player.

When regulars have fouled out, the team's excellent reserves, Paula MacDonald, Nancy Farrell and Sally Brunelle have been most important and have main-

tained the high quality of play. Lucille has been on varsity since her freshmen year.

Maria, from her sophomore year, has been a varsity player. Sandra Burns, Tana Fairfield and Sharon Justice, all Juniors, have played varsity since their Sophomore year.

Virginia Schena is a transfer from Tewksbury who won the championship last year.
